CLAIMS PAID DIRECTLY TO YOU

Physician Billing Associates, Inc. is a team of professionals specialized in medical reimbursement management that is committed in providing the highest level of reimbursement on behalf of the insured.

Our office can help you in the submission of a coded claim to your insurance carrier. We will submit an itemized and coded claim on your behalf, for any and all benefits due under your policy to be paid directly to you. Claims are processed as "out of network." You should check with your insurance carrier if you have "out of network" benefits before attempting to file. We do not bill government agencies such as Medicare and Medicaid unless the physician of service is participating in these programs. For more information please call our office at 847-870-3600.

We will process your claim(s) for a low fee of \$8.00 per claim. Per HIPAA regulation only six charges or items are allowed on a single claim. If you have multiple procedures please calculate six items per claim.

In order to file a claim we do require the following information:

1. Statement from your physician indicating charges and procedures
2. A paid receipt from your physician
3. A copy of our insurance card (front and back)
4. Our fee
5. The following information completed:

Name: _____

Address: _____

City: _____ State: _____ Zip: _____

Phone #: _____

Date of Birth: _____

Social Security #: _____

Male: _____ Female: _____

Insured party name: _____

Insured party date of birth: _____

Relationship to patient: _____
